- Hillsborough Community College (HCC)
- Tampa Sports Authority (TSA)
- The First Tee, Tampa Bay

Founded in 2014, The Women of Color Golf (WOCG) was created as a pathway for Women of Color and girls to gain exposure to learn the game of golf.

Girls On the Green Tee (GOTG-T) is designed to encourage and promote young girls (7-17) and college prep students (18-22), to learn and play the sport of golf and to integrate various mentoring programs that will focus on initiatives to prepare girls to live and work in a diverse, rapidly changing world.

Our goal is to offer women of color, millennials and communities of color, an affordable outlet to participate in golf, recreational golf activities, access to golf industry professionals and careers in golf.

WOCG provides organized golf clinics, educational webinars, social activities & networking opportunities.
